

VIJAYAKUMAR R

Full-Stack (MERN) Web Developer | Information Technology Undergraduate

vijayakumarinrit@gmail.com | +91 95853 87555 | [linkedin.com/in/vijayakumar2006](https://www.linkedin.com/in/vijayakumar2006) | github.com/vijayakumarbtech

PROFESSIONAL SUMMARY

Information Technology undergraduate specializing in MERN-stack web development, with hands-on exposure to machine learning and cybersecurity. Completed a front-end development internship building responsive, pixel-perfect interfaces from UI/UX designs. Delivered 2 full-stack projects, including an AI-driven deepfake detection system and a journal management platform with an integrated admin dashboard. Backed by 3 professional certifications (NPTEL) in cybersecurity, cryptography, and software testing. Proven leader with experience managing technical and non-technical campus events, and a track record as a 3-time inter-collegiate competition winner. Seeking a software engineering role to apply strong development, analytical, and problem-solving skills.

EDUCATION

Bachelor of Technology (B.Tech) – Information Technology 2023 – 2027 (Expected)

Ramco Institute of Technology

- CGPA: 8.11 / 10.0

TECHNICAL SKILLS

Programming Languages: Python, Java, C, SQL

Web Development & Design: MERN Stack, UI/UX Design

Artificial Intelligence: Machine Learning

Domains: Cybersecurity, Cryptography & Network Security, Software Testing

PROFESSIONAL EXPERIENCE

Front-End Developer Intern Jul 2025 – Aug 2025

Jupiter Brothers Pvt. Ltd.

- Converted UI/UX designs into responsive, functional web interfaces, ensuring consistent usability across devices.
- Partnered closely with the design team to achieve pixel-perfect implementation of interface components.
- Improved front-end performance and overall user experience by applying modern web development practices.

PROJECTS

AI-Based Deepfake Image & Video Detector

- Built a machine learning system combining NLP and deep learning techniques to detect fake images and deepfake videos.
- Trained classification models to identify manipulated visual content, improving content authenticity.
- Contributed to reducing the spread of misinformation through automated, scalable detection.

Journal Management Website

- Built a full-stack platform to manage end-to-end paper submission and publication workflows for academic journals.
- Automated issue publishing and archive management, streamlining dynamic website content administration.
- Developed an admin dashboard enabling centralized management of journals, issues, archives, and site content.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

President, RIT Unstop Igniters Club

- Led and managed a range of technical and non-technical campus events from planning through execution.
- Coordinated cross-functional student teams, driving increased engagement and participation.
- Owned end-to-end decision-making for club initiatives and event operations.

CERTIFICATIONS

- Cybersecurity and Privacy — NPTEL, IIT Madras
- Cryptography and Network Security — NPTEL, IIT Kharagpur
- Software Testing — NPTEL, International Institute of Information Technology, Bangalore

ACHIEVEMENTS

- Won the “Best Manager” title at three inter-collegiate events: Kamaraj College of Engineering and Technology, National Engineering College, and Mepco Schlenk Engineering College.
- Demonstrated consistent leadership, problem-solving, and decision-making ability across multiple competitive management events.
